Wedding Bells

CONNECTION

DRUMHELLER, Nov. 14.—Saint Anthony's Roman Catholic church was the scene of a pretty wedding Saturday morning, Nov. 10, when Miss Olive Tobin, daughter of Mr. and Mrs. H. Tobin, of Youngstown, became the bride of Mr. J. M. Connelly, of Calgary, son of Mr. and Mrs. T. Connelly, of Drumheller. The Rev. Father Anderson officiated at the nuptials, while during the ceremony Miss Ruth Tobin, sister of the bride sang "Ave Maria".

The bride, who carried a bouquet of Johanna Hill roses, looked charming in her bridal costume of blue and silver, while her bridesmaid, Miss Grace Forsyth, wore a tunic of brown with accessories to match, and carried a bouquet of deep pink and white carnations. The bride was given in marriage by her father, while her brother, Clifford Tobin, was bestman.

GABERT VANDERBERG

On November 14th, a quiet wedding was solemnized at Stettler by Rev. Manz, of the Lutheran Church, when Louise Anna, only daughter of Mr. and Mrs. Wm. Vanderberg, of Castor, formerly of Chinook, was united in marriage to Eddy Gabert, youngest son of Mr. and Mrs. M. Gabert, of Castor. The bride looked very charming in a dress of monnet blue satin trimmed with beige lace.

The bride was attended by the groom's sister, Ida Gabert, who wore a dress of black satin trimmed with pale green georgette. The groom was attended by the bride's selection brother, August Vanderberg.

On their return from Stettler a delicious dinner was served at the home of the bride's parents. The young couple will reside on the groom's farm, six miles east of Castor.

The "Friendly Circle" which was recently organized, met Thursday afternoon at the home of Mrs. Lee. A pleasant social afternoon was spent by the ladies present. A pleasing feature of the afternoon was the piano-forte selection given by Mrs. Turple. A very dainty lunch was served. Next meeting will be held at the home of Mrs. Turple.

Messrs Herb. Bradford and H. Austin, of Oyen, were visitors in Chinook Wednesday evening.

LIVESTOCK MEN ADOPT SCHEME FOR MARKETING

Vote 30 to 1 In Favor Natural Products Marketing Act Arrangement

By a 30 to one vote a meeting of approximately 200 producers and delegates, representative of the various branches of Alberta's livestock business, Thursday adopted a scheme designed to bring the industry under the Natural Products Marketing Act.

The proposal as adopted now goes to Ottawa, but before it becomes operative, in present or altered form, many steps remain to be taken. Ultimate decision, Thursday's meeting was informed, will be reached by a vote to be taken among all the registered producers of the province. The scheme, speakers said, is basically a producer plan, designed to aid all branches of the industry without throwing any additional burden on consumers. Embracing sweeping powers—powers described as constitutionally drafted—the main cog in the set up outlined will be local or Alberta board of 11 members. The first board, it is suggested, will be named by the provincial minister of agriculture and according to the draft as approved, will have headquarters at Calgary.

Long Session

For four hours in the afternoon and three more in the evening the meeting, clause by clause, delved into the scheme. Many questions were asked many answered in detail. A few minor changes were suggested, but on a general basis the scheme passed the meeting in original form.

Speakers outlining steps to be taken before the proposal goes into motion, pointed out that the plan will be submitted to the producers to be accepted by the minister of agriculture, the federal marketing board and the department of justice. If approved there will be an intervening space during which time producers will be receiving and the plan possibly altered to iron out the protected phrases. Finally approved, the local or provincial board will be set up with just one main object at the start—the registration of every producer in the province. Following registration a general vote livestock and whether or not Alberta livestock comes within the fold of federal legislation or not depends on the outcome.

In regard to the vote on what basis majorities will be required awaits further rulings. So does the method by which it will be taken, although expectations are that the representative nature of the vote in relation to the whole industry will have much to do in deciding the question.

The success or failure of the plan if and when made effective, the meeting was informed, will depend solely on the producers themselves. The board is likely to have absolute power controlling the industry from the time regulated products leave the farm until they are taken by the consumers.

Plan Selling Agencies "Selling agencies" will be established by the local board which will as far as possible utilize existing agencies. Many potential benefits are expected from operation of the act, the meeting was informed, and the plan presented is so designed and drafted as to take care of future expansion even to the extent of all provinces participating. Problems of financing powers embodied in the proposal giving the board the right to pool when deemed expedient caused a barrage of questions from the meeting. Explanations were given by George H. Bair, K. C. Regina, legal adviser of the provincial committee; A. Speakman, M. P. Red Deer; W. C. McDonald, chairman of the meeting; and E. W. Brun-den representative of the provincial government.

Whether the pooling method of sales and payments would be adopted depended solely on the decision of the local board, Mr. Bair explained. The cause has been included as one of the many powers which a board must have to successfully cope with situations experienced by similar organizations in the past. Whether it would be utilized depended on the producer, for he alone through his elected representative to the local board had full control of the situation.

Financing Outlined Financing, those explaining the proposal said, both as to securing bank loans and advances, should be more readily obtainable by a party operating through the organization as the plan would to a great degree stabilize prices and provide a more solid security for the parties making the loan. The board itself would be prepared to advance up to two-thirds of the anticipated return to any producer marketing a regulated product.

It was well toward 6 o'clock and many delegates were drifting from the hall, following almost four hours of

On The Battle Front

The Alberta Wheat Pool has never chosen to follow the easy ways of least resistance.

Rather it prefers to fight side by side with the farm people.

Alberta Pool Elevators

solid business, when a motion came to adjourn. It was followed by an amendment that the adjournment be until 10 o'clock Friday, and a further motion that every member be supplied copies of the scheme under discussion. It was, as the sponsors of the amendment, will be the second motion pointed out a matter of vital importance to all concerned. There was always the danger of running at a thing too hastily and they thought the matter should be slowly, calmly, dealt with. So did more than a third of the people present, according to the vote.

Before the vote was taken and adjournment said in order, one man—He said was a small scale producer—thought that some of those actively participating in livestock business and ranching should give their opinion. He mentioned several present, the choice of the chair being R. P. Gillespie of Wild Horse.

He favored the proposed plan, pointing out that it presented the first opportunity afforded farmers and ranchers to look after their own business, with legislation, and backed by law. Some of the things we may be able to do, Mr. Gillespie, referring to the subject under discussion, "but it so we can take them to pieces and make them so they will work."

Brings Congratulations

With the vote recorded and the scheme approved in the late evening P. E. Robbin, chairman of the provisional board already established in Saskatchewan, brought his congratulations to the gathering. He stated that while there had been some clouds on the horizon in Manitoba, they were rapidly clearing and a meeting of producers would be held in Brandon this month.

The plan as proposed by the Alberta provincial committee, was presented by H. Taggart, Olds; C. R. Abbott and E. W. Brun-den.

The provisional committee, representing all branches of the industry and in charge of affairs to date is comprised of: R. P. Gillespie, Wild Horse; George Ross, Milk River; and L. McKinnon, Calgary, representing the cattle ranchers; Fulton Thompson, High River; and Roy Ballhorn, Wetaskwin, for the cattle breeders; N. J. Shopland, Rochester, and J. M. Williams, Dowling, for the swine breeders; William Hudson, Kathryn and P. J. Moore, Dunsford, for sheep breeders; George Miller Taber, for the sheep ranchers; C. R. Abbott, Lacombe, and H. Taggart, Olds for the livestock feeding organizations; W. C. McKenzie, Lethbridge; T. R. Murray, Telford, F. McDonald, Mirror, Stephen Lund Pincher Creek, and W. R. Roberts, Sexsmith, for the livestock marketing organizations.

Remembrance Day

The world has commemorated another anniversary of the signing of the Armistice—the sixteenth. Remembrance Day, as we have come most aptly to call November 11, falling on a Sunday as it did this year, was observed by hundreds of thousands of people in nations all over the world. From the pulpits of churches of all religious denominations Peace sermons were preached and the horrors and brutality of war vividly depicted and unanimously condemned. Gathered at the graves of Unknown Warriors, assembled about cenotaphs and other monuments erected to the memory of the gallant dead, or meeting in solemn memorial services, men and women formed an almost unbroken circle around the world as they stood with bowed heads and in impressive silence as the hour of eleven o'clock struck.

It was Remembrance Day! People wore flaming red poppies symbolical of Flanders Fields and of the bright red blood of youth there shed. Reverently they laid wreaths of poppies in many hallowed spots. People heard the pipes and drums play "The Lament," the bugles sound "Last Post" and "Reveille," and they saw the Colors slowly dipped.

Pride and sorrow were interwoven and strangely mixed as the memories of those of the older generation were carried back to 1914-1918 and to the first Armistice Day—pride that men, and women too, had responded to the call of duty when that call came; sorrow that so many had been called upon to make the supreme sacrifice or go through life maimed and handicapped to the end of their days. And mingling with pride and sorrow there was a righteous anger: that such a barbarism as War should be permitted and sanctioned by peoples and nations styling themselves Christian and civilized.

But does Remembrance Day mean nothing more than this? Does it begin and end with the twenty-four hours of November 11, and are we then to lapse into forgetfulness for the remaining 364 days of the year until once again November 11 calls upon us to stand in silence and remember?

Consider, you who are now reading these lines: Have the memories stirred only a few short days ago not already begun to fade? Is not that almost red hot righteous anger against War and all that War means which you felt so recently already cooling off? If your passionate demand for Peace, and that never again shall War blast its way in this world, as keen a few days ago? Alas, it must be so. Indeed it is well that in many respects our human memories are short, else we could not bear the burdens which memory would bring. But it is vitally important to the future of mankind that we should never forget all the tragedy that Remembrance Day brings to mind. So far as the awfulness and uselessness of War is concerned, every day should be Remembrance Day.

Canada is a peace-loving country. If the decision could be left to the Canadian people there would never be another war waged anywhere on the world's surface, nor upon its seas, nor in its air. Canada has always set this nation an example in disarmament; rather by its refusal to engage in armaments. Our paltry permanent force and numerically small and widely scattered militia is but a domestic police force maintained to guarantee law and order. Of offensive armaments Canada possesses none.

But as a nation of Peace, Canada has a duty to the whole world. At Geneva the voice of Canada is always raised for Peace; in world conferences Canada's vote is always cast for Peace. But the responsibility is ours to make our voice for Peace stronger and still more emphatic in a world of nations apparently bent upon engaging in a race for war-like armaments unparalleled in all history.

Narrow nationalism, with all its selfishness, its suspicions, its jealousies and its animosities is the basic, the underlying cause of war. The truth of this statement is emphasized over and over again by the well known international correspondent, Isaac F. Marcossin. In an article entitled "Does Europe Want Disarmament?" Selfish nationalism wrecked the World Economic Conference called to bring about tariff and currency readjustment, and because of that failure the whole world still staggers and suffers. Selfish nationalism has rendered every disarmament conference a failure. And because men still insist upon such narrow national selfishness, the nations are heading straight into another war.

INDIGESTION?

Then Try **KRUSCHEN** AT NO EXPENSE

If you suffer from loss of appetite, indigestion, sour stomach or a miserable feeling after meals there's nothing like Kruschen for relief. The little daily dose of Kruschen first stimulates the flow of gastric juices to aid digestion, and then ensures a complete, regular and unailing elimination of all waste matter every day.

If you suffer, you'll welcome the opportunity to try Kruschen Salts now positively free of charge Ask your druggist for the Kruschen Giant Package. This is the Regular bottle, together with a separate FREE TRIAL bottle. Use the Trial bottle first. Then if you are not entirely convinced that Kruschen will do everything claimed for it, return the Regular package unopened to your druggist and he will redeem it at full value. But act quickly or your Free Trial Bottle will be gone. Your druggist has only a limited supply.

League's Policy Negative

The League of Nations instead of being an instrument working for peace has become an institution attempting to prevent war. Eduard Benes, Czech foreign minister, told the chamber of deputies when it reconvened at Praha. In a lengthy exposure of the European situation Benes emphasized the league was working along negative lines instead of having a definite positive policy such as it had in the days of Aristide Briand.

Will Have Representative

A representative of the Peace River district will be added to the western board of grain standards, it was promised by E. B. Ramsay, chairman of the board of grain commissioners.

Dominion Drama Festival

Brilliant British Playwright Pays Compliment To Canada

Canada is fortunate in having the Dominion drama festival established on such a firm basis, in the opinion of Noel Coward, brilliant British playwright, composer and actor, who is paying his first visit to Canada. The Drama festival, he believes, is a distinct contribution to the theatre in that it makes people "theatre-minded," and "sets up interest among the members of the little theatre groups, their friends and associates in an over-widening circle."

"It is most interesting," said Mr. Coward, in an interview at Ottawa. "I should like to attend a festival. If possible, I shall be here next spring."

Only 36 years old, Mr. Coward is one of the most successful living writers for the stage. He already has had 24 or 25 plays produced. Now he is on the way to Milwaukee to attend a rehearsal of his latest play, "Point Valain," which will open in Boston Christmas night.

Nobel Literary Prize

Pirandello, Famous Italian Dramatist, Receives Award

Lugi Pirandello, famous Italian dramatist and novelist was awarded the Nobel literary prize. Selected from a host of American and European literary figures, Pirandello was given the famous award, which last year went to Ivan Bnin, Russian author, and which normally is worth about \$45,000.

Pirandello was born at Girgenti, Sicily, in 1867, and was educated at Rome and the University of Bonn. His present home is in Rome. His writings have been varied, including poetry, plays and prose. His best known writings include: "As You Desire Me," "Six Characters in Search of an Author," "The Man With the Flower in His Mouth," "The Mock Emperor," "The Life I Gave You."

Tested Eczema Remedy

Is Prescription of Doctor

Your skin trouble—whether it is eczema, acne, hives, dandruff, ringworm infection or pimples and blotches—will be positively benefited by D.D.D. because D.D.D. is a tried and tested Physician's Prescription. D.D.D. was developed originally for his own patients by Dr. D. D. Dennis. It is now manufactured by the makers of Canada's Italian Balm. In 35 years D.D.D. has brought clear, healthful skin to millions. At druggists. Trial size 25¢. Quantities to give instant relief or money refunded.

A Product Of Proved Merit

Vicks Va-tro-nol. For Preventing Colds, Meets With Wonderful Success

Windsor, Ont.—An intensive newspaper advertising campaign introducing Vicks Va-tro-nol, the new aid in preventing colds, has just started in Western Canada. Introduced in Ontario last year, and in the United States two years before, Va-tro-nol immediately became immensely popular.

Newspapers were selected as the principal medium for the introduction of Va-tro-nol because of the excellent results they have produced for Vicks VapoRub, according to the announcement.

For many years VapoRub has been the world's most extensively used cold remedy—the family standby for treating colds in 68 countries. Vicks officials attribute much of the tremendous VapoRub sales—over 28,000,000 jars last year—to honest consistent newspaper advertising, backing a product of proved merit.

Similar international success is being achieved now by Vicks Va-tro-nol—companion to VapoRub in Vicks Plan for Better Control of Colds. Vicks Chemists and medical consultants developed the formula for Vicks Va-tro-nol after years of clinical research. It is especially designed for nose and throat, where most colds start.

Based on a new idea for preventing colds—by aiding Nature's own cold-fighting functions in the nose—Va-tro-nol is introduced as "the ideal" companion to Vicks VapoRub, the modern external method of treating colds. Together with certain simple rules of health, these two preparations form Vicks Plan for Better Control of Colds. Records of thousands of clinical tests—conducted over a period of two years under medical supervision—indicate that Vicks Plan greatly reduced the number, duration and dangers of colds.

In accordance with the Vicks Company's policy for nearly 30 years, VapoRub and Va-tro-nol will be heavily advertised in newspapers throughout the season. They will also be backed by the distribution of thousands of samples through drug stores in the Dominion.

Since 1929, Vicks has steadily increased its advertising while other companies were drastically curtailing theirs or eliminating it entirely. And during these five turbulent years, sales of Vicks products have increased from 26,000,000 to over 53,000,000 packages annually, despite adverse business conditions.

DUMPING NOT FAVORED

The interference has been drawn by
some elements in the farming industry
of Western Canada that because The
Northwestern Miller has been again
the liquidation of government holding
of wheat in Canada it is in favor of
dumping for export regardless of price
obtainable. Nothing could be further
from the truth. Selling wheat for com-
petitive prices and dumping are two
different things. As a matter of fact
the milling industry would much rather
see wheat at a dollar or better than
at present levels. One dollar would be
a sound price under existing condi-
tions and it may be reached before
this crop year is out. That will depend
upon the policy of those in control of
the publicly owned surplus. If it is
a matter of fact it is now apparently
should become known that the govern-
ment holdings are to be liquidated at
a price as this can conveniently and ac-
cidentally be done the effect on the
trade would be to encourage accumu-
lation of stocks in private hands. It
is true that the profit motive would be
behind any such accumulation, but
that is inevitable in any case, and as
the motive behind the government
ownership policy. Unless the govern-
ment is determined for other reasons
to remain permanently in the grain
business it has today as good a chance
as it will ever have to begin selling off
its wheat and closing out its trading
account.—Northwestern Miller.

As a result of over ten years' effort
in the direction of strawberry breeding
at the Dominion Central Experimental
Farm, Ottawa, thirty varieties of new
hybrid strawberries, selected for ear-
liness, lateness, productivity and gen-
eral health and vigor, have been named.
The distribution of these varieties was
commenced in 1933.

A pound of whole milk cheese con-
tains about four ounces of protein, the

Mrs. F. Lajoie and baby re-
turned from Calgary on Friday

Mr. and Mr. A. V. Youell
left for Saskatoon Saturday
morning.

Mr. Jordin, of Oyen, is re-
lieving at station, during Mr.
Youell's absence.

A meeting was held in the
station waiting room last week
for the purpose of reorganizing
the Curling Club. The following
officers were elected: W. A. Todd,
hon. president; Chas. Bennett,
President; E. V. Elford, secretary;
M. L. Chapman, draw master;
entertainment committee, Messrs.
Aitken, Cooke, and Seeger. Fees
are set at \$3.00 for men and \$1.50
for ladies. Each member is to
do a share of the work con-
nected with the game.

Miss May Todd was unable
to return to her school at
Oyen this week, owing to be-
ill with a severe attack of cold.

Mr. and Mrs. Geo. Burro-
ughs, of Lanfene, who have
been at Carstairs for the past
two months, while on their re-
turn journey visited here with
their aunt, Mrs. Milligan, on
Sunday.

Special Gospel Services are
being held in the United
Church Sunday, Monday,
Wednesday and Friday at
7:30 p.m. A good attendance
will be much appreciated.

Messrs L. Setterington, Ole
Larsen and Alf Nyhus returned
after having spent two
weeks in the Cold Lake and
Bonnyville districts, looking for
a new location. They did not
succeed in finding any farms
which they considered suitable.

Mrs. F. Otto moved from
the farm to their town resi-
dence for the winter months.

Mrs. Wm. Davis entertained
a number of ladies' to dinner
last Friday evening.

THE ADVANCE WEATHER BULLETIN

Thursday, Nov. 22—Disturbance near
southwestern borders moves slowly but
probably only light and scattering pre-
cipitation; temperature moderating.

Friday, Nov. 23—The slowly moving
cloudy and unsettled weather now
nears great lakes regions and in nearly
all sections temperatures are consid-
erably moderating.

Saturday, Nov. 24—Except in great
lakes and southeast regions weather
changes to much colder and precipi-
tation nearly ceases everywhere.

Sunday, Nov. 25—Generally clearing
and colder in west, but along south-
eastern borders and east may be light
precipitation and slowly declining tem-
peratures.

Week of Nov. 18 to 25, 1934, in cen-
tral provinces begins with clear cold
weather, but soon a mild disturbance,
with somewhat warmer weather, comes
in from the Pacific slope and south-
west, carrying considerable precipi-
tation. This condition remains most of
the week, with temperatures rising
near mid week in nearly all parts of
the country. On account of the very
slow eastward progress of the unset-
tled weather rather than normal pre-
cipitation it is to be expected, especially
in sections about the southeast.

From around the 10 to the 25 of the
month there should be some unusually
mild weather in these regions, except
one short cold snap near the 19.
More than the normal snowfall is
expected especially about southwest, as
the indications are for many cloudy
days and only a few clear periods. In
the mountains, on the Pacific slope
and about the southwest unusually
heavy snows may be expected, while
in the far northwest and also north-
east snow in most sections. No snowfall
is expected but there should be
east probably even less than the nor-
mal than the usual unsettled weather.

Country Happenings

A large crowd attended the
card party and dance held at
Peyton school last Friday.

Ladies' first prize for cards
was won by Mrs. Jas. Peyton,
consolation Dorothy Robison.
Gents first prize Felix Peyton,
consolation Fred Hobson.

November 30th is the date
of the next card party and
dance. Everybody welcome.

The Prairie Rock Club Lad-
ies and their husbands met
last Thursday afternoon at the
Peyton home. The Misses
Julia Peyton and Louise Robi-
son were hostesses.

Arthur Drake chess expert takes on
20 opponents at the same time.

CONTROVERSY OVER

THE "BEAR" RAID

The council of the Winnipeg Grain
Exchange issued a statement towards
the end of last week in which the will-
ingness was expressed to permit an in-
vestigation into the exchange transac-
tions by competent impartial per-
sons. The council further said it would
"find all possible assistance to a gov-
ernment supervisor of the hand re-
commended by the Stamp Commission
should the government see fit to ap-
point one."

The official statement issued by the
Exchange council ridicules the sug-
gestion of an organized "bear" raid
and suggests that a lengthy news-
paper article on the subject was in-
accurate and misleading. The sugges-
tion is also made that "Our greatest
need is to export more Canadian
wheat."

Mr. McFarland issued a reply to the
Exchange council's statement, in which
he said that the appointment of an
official such as suggested by the Stamp
Commission would, in his opinion be
valueless. If such a man discovered
any irregularity he would be pow-
erless to act. All he could do would be
to make a report to the government after
which an enquiry would have to be
made. "It would again be an invest-
igation of the status of the exchange
which is stolen," Mr. McFarland said.
Superficially, to be effective, must be
clothed with authority as well as pow-
er to demand and receive from all
members instant and complete infor-
mation.

With regard to the suggestion from
the Exchange council that Mr. Mc-
Farland's story of bear raid was tri-
umphant, the latter gentleman re-
plied that the exchange held its own
enquiry and with puerile results. He
said that he expected little different
because he knew that after an invest-
igation of themselves by themselves
would be of little value to any one
other than themselves.

"So far as investigations are con-
cerned I would say that our own
records of the future situation are quite
sufficient evidence of what has oc-
curred," Mr. McFarland stated. My at-
titude is fully explained in my pre-
vious public statement—last week's
budget remains unchanged. What
I want to bring about is such control
and restrictions as will protect the fu-
ture system of the Exchange from
that of this country; it might be mentioned that the Win-
nipeg representative of the big inter-
national wheat trading corporation
headed by Louis Dreyfus, France, has
positively denied that his firm was in-
terested in the "bear" raid on the Win-
nipeg Exchange.

JUDGE GIVES DECISION

ON VANDERBILT CASE

NEW YORK, Nov. 14.—The long-
drawn-out Vanderbilt Whitney guard-
ianship hearing ended today with this
decision by Supreme Court Justice
Carew: "The child, Gloria Vanderbilt,
is not to have for the future the life
that it had from the date of its fall-
ing up till June, 1927." Justice Carew
declined to explain whether he had
given custody of the 10-year-old hei-
ress to her mother, Mrs. Vanderbilt, or
to Mrs. Whitney, the child's aunt.

Shipments of live stock from Eastern
Canada in 1934 up to October 18 in-
cluded 89,293 cattle; 4,476 calves, 51,134
with the corresponding period of 1933.
These figures show in crates of 25-
500 cattle; 2,397 calves, and 15,163
sheep; and a decrease of 77,253 hogs.

M. D. DOWLING LAKE DISORGANIZES DEC. 1

Following action taken by the council
of M. D. Dowling Lake No. 305 at its
last meeting, when the council en-
forced the resolution passed by the
organized municipalities east of here,
the local municipal unit will be dis-
organized and will come under the of-
ficial administration of the Depart-
ment of Municipal Affairs, effective
December 1. This official announce-
ment was made this week in a com-
munication received by J. R. Ward,
Sec.-Treas. of M. D. Dowling Lake,
from E. L. Gray, Deputy Minister of
Municipal Affairs—Hanna Herald

There would appear to be a serious
shortage of alfalfa for domestic needs
in Canada next spring as the 1931
production, plus the small carry-over,
is not expected to exceed more than
one-half normal requirements—Do-
minion Seed Branch.

The total amount of branded beef
sold in Canada during the month of
September was 2,618,400 pounds.

If served in quantity, cheese may
well replace more expensive foods in
many meals and should be served this
way rather than as a supplement to
them. The diet will thus remain well
balanced and the cost will be consid-
erably light.
